

Return from the Wonderland Trail!!

Vicinity Location: 95 miles northeast of Portland, Oregon in Mt. Rainier National Park.

Hello everyone, I have returned!! The mountain was awesome as always. This year's adventure was rain free and multiple dayhikes/side trips were added including Camp Muir.

Lots of Pictures are available now in the Gallery. I will continue to edit and update with more photos as the week progresses. I have a few logs from the trip as well, take a look.
